

For Help and Connection During Covid-19

KEEP TURNING TO TEAM

WE'RE HERE, PRACTICING SAFETY AND PREVENTION

We have implemented a plan for our staff to work remotely to reduce the chances of getting or spreading COVID-19 as long as CDC and Minnesota Department of Health guidelines recommend it. None of this should impact your services!

WITH VIDEO AND PHONE OPTIONS TO HELP KEEP YOU HEALTHY

TEAM will continue to provide the same dedicated care by changing face-to-face appointments to Teleconference or Zoom video conference visits. If you are unable to join remotely during this critical time, we will work with your organization to assess the situation and recommend an approach.

if

YOU FEEL OVERWHELMED OR IN CRISIS:

You're not alone. We are here for you. We will do whatever it takes.

if

YOU HAVE FINANCIAL OR FAMILY ISSUES ARISING:

We have experts to help, from making a budget to childcare to legal concerns.

even if

YOU JUST NEED TO PROCESS OR SIMPLY GET ADVICE:

Counseling services are available, even for a phone chat. Let us help with the heightened stresses and anxieties of this time.

PATIENT ADVOCACY SERVICES ARE CONTINUING

For those participants who utilize our Patient Advocacy services, we will be offering the same excellent care by Teleconference and Zoom video conferencing. Just call, and our trained staff will guide you in the best direction. This includes health practice questions regarding COVID-19.
